- I understand this allows my counselor to enter in my course preferences but that it does not guarantee a specific course on my schedule.
- Elective changes most often cannot be honored due to teacher unit allocation and the class size reduction amendment.
- Schedule change requests will NOT be considered for the purpose of teacher preference.
- A change request may require the entire schedule to be altered to meet the request you have made. That may include different teachers and different class periods.
- Once a schedule has been changed, it cannot be changed back again to the original schedule.
- The student is responsible for all class work from the beginning of the semester, regardless of the date the student entered the class.
